HT-CT800

Powerful sound bar with 4K HDR and Google Home Support

Enjoy powerful, cinematic sound and wireless surround capability with this 4K HDR sound bar1 that also lets you expand your entertainment experience with Google Home.² Stream music or even video sound to multiple rooms, while you hear everything at its best with Dolby® TrueHD and DTS-HD Master Audio support¹. All in an ultra-slim design that lays flat or discreetly on a wall.

Bullets

- Maintain 4K quality with HDCP2.2 and HDR¹ support
- Google Home compatibility with voice control²
- Easily add wireless surround sound speakers³
- Stream music or video sound to different rooms with wireless multi-room listening⁴
- Dolby® TrueHD & DTS-HD® Master Audio format support¹
- Receiver-like connectivity with 3 HDMI inputs, HDMI ARC and more
- Easy streaming via Bluetooth with NFC^{®5}
- Listen to Spotify Connect and resume play instantly with the Music Service button⁶
- Cast music, podcasts and radio with Chromecast built-in
- Ultra-slim design lies flat or mounts to a wall

Features

4K HDR compatibility with HDCP 2.2

Maintain quality from source to screen with a 4K HDR signal that delivers exceptional detail, color and contrast. It's also compatible with HDCP 2.2 copy protection, so you're ready for the latest 4K formats.

Works with Google Home

With Google Home, you can voice control Sony's audio products. Turn up the volume, skip to the next track or stop the music— all without lifting a finger.

True wireless surround sound

Easily add compatible Sony wireless speakers as rear surround sound speakers to enjoy an even more immersive experience.

Dolby® TrueHD & DTS-HD Master Audio1

With Dolby® TrueHD and DTS-HD® Master Audio format support1 enjoy the original, uncompressed soundtracks of your favorite movies and TV shows – just as the director intended.

Stream to different rooms

Listen to the same great song all around the house with multi-room listening. Group selected Sony sound bars and speakers together, then stream music or sound from video in multiple rooms.³

Cat connected

It's easy to expand your home theater setup. With three HDMI inputs, one HDMI ARC output, a USB input, as well as digital optical and analog connections, there's space for all your equipment.¹

Easy streaming

Wirelessly stream all your favorite tracks and playlists with Bluetooth and NFC.²

Listen to your favorites with Spotify Connect

Play Spotify through your audio device using the Spotify as a remote.⁶ Even jump right back into the last track you were listening to by pushing the Music Service button.

Chromecast built-in

Cast music, podcasts and radio from 100+ audio apps, including Google Play™ Music and more from your smartphone, tablet or laptop to your audio device¹. Just tap the Cast button.

Ultra-slim, sleek design

The slim frame blends in seamlessly with the rest of your home theater setup and is perfect for wall-mounting or placing on a TV stand.
