

SARS9

BRAVIA Theater Rear 9, Dolby Atmos[®]/DTS:X[®], for Bar 9/Bar 8/Bar 7/HT-A7000/HT-A5000/HT-A3000

Premium surround. All angles. BRAVIA Theater Rear 9 wireless rear speakers add surround and height with up-firing drivers and 360 Spatial Sound Mapping, creating phantom speakers for immersive sound from behind and above.^{1,2}

Bullets

- Create multiple phantom speakers around your room with 360 Spatial Sound Mapping.^{1,2}
- Up-firing speakers add natural height and overhead dimension to your surround sound.
- Aluminum diaphragm drivers deliver clear, low-distortion audio with precise detail.³
- Wall-mount with swivel adjustment to precisely angle sound toward your listening position.
- Expand your BRAVIA Theater setup with the Rear 9, compatible with Bar 9, Bar 8, Bar 7, HT-A7000, HT-A5000, and HT-A3000.
- Elegant design with hidden cables at the base blends naturally into your home.
- Control setup and settings easily through the BRAVIA Connect app.⁴
- Control settings from your BRAVIA TV's Quick Settings menu.⁵

Features

360 Spatial Surround Mapping

Using 360 Spatial Sound Mapping, these wireless rear speakers work with our latest compatible soundbars to create multiple phantom speakers throughout your space.¹ Surrounded by these phantom speakers within an optimized sound field, every sound hits with intensity. It's as if you and your living room became part of the movie.²

Clear, expansive sound

Clarity begins with the aluminum diaphragm, reducing noise for a purer sound. Tweeter, woofer, and up-firing speakers open up the soundstage, with a passive radiator deepening the bass, so you hear space, distance, and realism in full.³

Hear sound from overhead

A large 80 mm up-firing speaker sends sound to the ceiling, creating natural reflections from above and behind. By enriching the height layer in 360 Spatial Sound Mapping,^{1,2} it deepens the sense of scale —drawing you closer to the on-screen action.

Enhanced Wall-Mounting Capability

The included wall-mount bracket provides swivel adjustment, enabling precise speaker angling toward the listening position for accurate sound alignment.

Harmonic Presence. Slips seamlessly in your space.

Elegance meets function with the BRAVIA Theater. Designed to blend naturally into your home, it offers a sophisticated, clutter-free look with hidden cables at the base. Aesthetic refinement —all angles.

Do it all with BRAVIA Connect app

Easily control BRAVIA Theater from your smartphone. The BRAVIA Connect app guides you through initial setup and lets you adjust volume, sound field and more.⁴

Effortless control with BRAVIA TV

Control bass sound easily with your BRAVIA TV remote. Sound settings automatically appear on the BRAVIA Quick Settings menu for easy control of features, like Sound Field and volume.⁵

Environment in mind

Sony's home audio products are designed not only for excellent sound experiences but also with the environment in mind. We are committed to using less virgin plastic in our packaging and recycled materials in our products. Approximately 78% of the packaging is made from recycled paper and paper-based materials to minimize the use of virgin plastic.

Approximately 87% of the fabric used on the speakers is made from recycled cloth.⁶

Accessibility Effort

To help people who are vision impaired set up their rear speakers, a raised square frame guides users to a QR⁷ code for the web help guide, which offers screen reader support. Tactile dots indicate that the speaker is on the left.

Specification

Speaker Layout	
Speaker Structure	Rear Speaker
Amplifier	
Amplifier Type	Digital Amplifier, S-Master
Amplifier Channels	6 ch(L:3 ch + R:3 ch)
What's in the Box	
Supplied Accessories	AC Cord, Warranty Card
Power	
Power Consumption (On Operation) *approx	22 W
