

## HTA9M2

### BRAVIA Theater Quad with 16 total speakers, Dolby Atmos®/DTS:X®

Introducing BRAVIA Theater Quad, our flagship home theater surround sound system that brings movies to life. With a revolutionary design that compliments your space, 16 total speakers and 360 Spatial Sound Mapping, any space becomes the movie theater with pin-point surround sound from every corner of the room. And get heart pounding bass with optional wireless subwoofer.

## Bullets

---

- Hear cinema-style surround sound all around you with 360 Spatial Sound Mapping.
- Sound is auto calibrated to your room's characteristics with Sound Field Optimization.
- Supports industry-standard formats including Dolby Atmos®, DTS:X®, and IMAX® Enhanced.<sup>1,2</sup>
- With 16 speaker units, hear exceptional acoustic performance and precise room filling spatial audio.
- Position the four wireless speakers virtually anywhere in the room for total flexibility.
- Expand the cinematic experience with optional wireless subwoofer (SA-SW3 or SA-SW5).
- Pair with compatible BRAVIA TVs to control Quad from the TV menu and hear elevated audio with Acoustic Center Sync.<sup>3</sup>
- Use BRAVIA Connect app to easily control BRAVIA Theater from your smartphone and change volume, sound profiles, and advanced settings.<sup>4</sup>
- The dual-purpose stand allows the four slim speakers to be placed free-standing or wall mounted.
- Supports video formats 4K HDR, 8K HDR, Dolby Vision® and HDMI 2.1 gaming features 4K120, VRR, ALLM.<sup>1,5</sup>
- Level-up with compatibility for BRAVIA TV exclusive features for PS5® – Auto HDR Tone Mapping and Auto Genre Picture Mode.<sup>6</sup>
- Wirelessly stream music with support for Spotify Connect™, Apple® AirPlay® 2 and Bluetooth®.<sup>7,8,9</sup>
- Bring your music to life with support for high-res audio, low-res upmixing, and 360 Reality Audio.<sup>10</sup>

## Features

---

### Cinema is coming home

Feel the emotion and excitement of the movies with BRAVIA Theater. Our decades of professional filmmaking experience allow us to faithfully recreate the creators vision at home with intricate surround sound and spatial audio. Immerse yourself in the story with sound that fills every corner of the space just as you hear in real life.

### Unleash the full potential of surround sound

360 Spatial Sound Mapping creates multiple phantom speakers around you and reflects sound off the ceiling and walls, enabling cinema-style surround sound from a handful of physical speakers.

### Room optimized sound for maximum impact

Turn the whole room into a movie theater. Sound Field Optimization analyzes and calibrates sound to your room's size, acoustic characteristics, and your listening position, allowing you to place the speakers virtually anywhere in the room.

### Sound straight from cinema

Bring authentic cinema surround sound quality to your living room. BRAVIA Theatre supports industry-standard formats including Dolby Atmos®, DTS:X®, and IMAX® Enhanced certification.<sup>1,2</sup>

### Innovative acoustic design

With 16 total speakers, BRAVIA Theater Quad delivers exceptional acoustic performance with precise spatial audio. Each speaker features an innovative 3-way woofer design along with an up-firing speaker, projecting sound in every direction. The new unique design generates high sound pressure, and coupled with bass reflex port, the result is powerful, punchy bass.

### Wireless speakers for total flexibility

Forget about speaker wires messing up your living space. Position the four speakers virtually anywhere in the room and they wirelessly sync with the control box connected to your TV via HDMI.

### Add room filling bass

Expand the cinematic experience with optional wireless subwoofer (SA-SW3 or SA-SW5) to hear sound with even greater impact.

Connection is simplified as the subwoofer automatically pairs when powered on.

### **BRAVIA Theater and BRAVIA TV, the perfect pair**

Pair BRAVIA Theater Quad with a compatible BRAVIA TV for the ultimate cinema-like experience at home. Acoustic Center Sync uses the TV as a center channel speaker, enabling clearer, fuller dialogue. When connected, easily control the sound settings on the TVs Quick Settings menu, making it easy to adjust volume and sound field with a single remote.<sup>3</sup>

### **Do it all with BRAVIA Connect app**

Easily control BRAVIA Theater from your smartphone. The BRAVIA Connect app guides you through initial setup and lets you adjust volume, sound field and more. Also, use the BRAVIA Connect app to perform Sound Field Optimization to calibrate sound to your room's unique acoustic characteristics.<sup>4</sup>

### **Blends in seamlessly, free-standing or wall-mounted**

BRAVIA Theater Quad is designed to complement your space, giving you an ideal mix of convenience and style. The four slim wireless speakers can easily be placed free-standing or mounted on a wall, thanks to the supplied dual-purpose stand/bracket.

### **Support for all the latest video and gaming formats**

Get the most out of all your entertainment. With support for 4K HDR, 8K HDR, and Dolby Vision®, everything you watch will feel so real. Take gaming to the next level with HDMI 2.1 features 4K120, VRR and ALLM as well as exclusive features for the PlayStation® 5 – Auto HDR Tone Mapping and Auto Genre Picture Mode – for optimized picture settings when connected with a compatible BRAVIA TV and PS5® console.<sup>1,5,6</sup>

### **Stream music from everywhere**

Support for Spotify Connect™, Apple® AirPlay® 2 and Bluetooth® lets you wirelessly stream music and enjoy every detail in high-quality upmixed sound.<sup>7,8,9</sup>

### **Lose yourself in supreme music quality**

Bring your music to life as never before. Enjoy tracks the way the artists intended with High-Resolution Audio. For low-resolution tracks, DSEE Ultimate™ (Digital Sound Enhancement Engine) upmixes compressed digital music, restoring acoustic details for a richer listening experience. And discover a new way of hearing music with 360 Reality Audio for a truly immersive live music experience.<sup>10</sup>

### **Designed with the environment in mind**

BRAVIA Theater is designed for an exceptional sound experience while having less impact on the environment. We are committed to using more recycled materials with approximately 65% less virgin plastic used in our soundbars and packaging compared to previous models and fabrics recycled from PET plastic bottles.<sup>11</sup>

1. Dolby Vision and Atmos content compatible with streaming services or compatible content device connected via HDMI input (sold separately).
2. IMAX<sup>®</sup> Enhanced feature will be available via firmware update about Summer 2024. IMAX<sup>®</sup> Enhanced certification is obtained when used in combination with SA-RS5 or SA-RS3S rear speakers and SA-SW5 or SA-SW3 subwoofer.
3. Acoustic Center Sync feature will be available via firmware update about Summer 2024. Acoustic Center Sync works with compatible BRAVIA TVs. For full compatibility list: [https://www.sony.net/hav\\_faq](https://www.sony.net/hav_faq).
4. BRAVIA Connect app must be installed on a smartphone. The smartphone and the product must be connected to the same home network. Download app at Google Play and the App Store. Network services, content, and operating system and software subject to terms and conditions and may be changed, interrupted or discontinued at any time and may require fees, registration and credit card information.
5. 4K: 3840 x 2160. 8K: 7680 x 4320 pixels. Requires HDR compatible content from supported streaming services or HDR compatible content device connected via HDMI input (sold separately).
6. Game title supporting 4K/120fps and/or VRR required.
7. Interoperability and compatibility among Bluetooth<sup>®</sup> devices vary.
8. Apple ID account required. Subscriptions may be required to access certain content.
9. Download Spotify app at Google Play and the App Store. Network services, content, and operating system and software subject to terms and conditions and may be changed, interrupted, or discontinued at any time and may require fees, registration, and credit card information.
10. Visit <https://www.sony.net/360RA/> to check compatible hardware, application, and 360 Reality Audio streaming service. 360 Reality Audio requires subscription to compatible online music service and third-party terms, conditions, account, and fees may apply. Network services, content, and operating system and software subject to terms and conditions and may be changed, interrupted, or discontinued at any time and may require fees, registration, and credit card information.
11. Compared to 2021 models. PET = Polyethylene terephthalate.
