Features

Bass that elevates every moment

With bass that extends deep into low frequencies, the low-end detail brings depth and richness that makes scenes more engaging and immersive.

Powerful bass, clear detail

A 200 mm aluminum driver delivers bass you can feel. Clean, impactful sound that enhances every scene.

Room-filling bass. Dual subwoofer playback.

Connect two compatible subwoofers for a stronger, more balanced low end. The increased sound pressure fills the room with deep bass that's powerful, stable, and unmistakably cinematic.¹

Two ways to position

The dual orientation subwoofer allows flexible vertical or horizontal placement, blending seamlessly into your room for a sleek, cohesive look.

Seamless, Refined Design

The BRAVIA Theater lineup blends elegance with function, offering a sophisticated, clutter-free look with hidden cable management. Its refined design ensures your sound system fits seamlessly into your home from every angle.

Do it all with BRAVIA Connect app

Easily control BRAVIA Theater from your smartphone. The BRAVIA Connect app guides you through initial setup and lets you adjust volume, sound field and more.²

Effortless Control with BRAVIA TV

Control bass easily with your BRAVIA TV remote. Sound settings automatically appear on the BRAVIA Quick Settings menu for easy access.³

Environment in mind

Sony's home audio products are designed not only for excellent sound experiences but also with the environment in mind. We are committed to using less virgin plastic in our packaging and recycled materials in our products. Approximately 76% of the packaging is made from recycled paper and paper-based materials to minimise the use of virgin plastic. Approximately 87% of the fabric used on the speakers is made from recycled cloth.⁴

Accessibility Effort

To help people who are vision impaired set up their subwoofer, a raised square frame guides users to a QR code⁵ for the web help guide, which offers screen reader support.
